

SimplySoft: Survey and Model Selection Form

Please fill out the form below, and email to dhotle@easywater.com, or fax to (317) 755-4199.

1) Project Name:

2) Project Address:

3) Water type:

☐ Private Well Water

☐ City Water

*If Private Well Water, email a water report to
dhotle@easywater.com or mail us a water
sample to test to this address >*

*ATTN: Dan Hotle
9910 N by NE Blvd, Ste 200
Fishers, IN 46037*

4) What is the expected application for SimplySoft?

(Example: hospital domestic water, office building domestic water, manufacturing facility steam boiler)

5) Is this a new or existing facility?

☐ New

☐ Existing

6) If #5 is "existing", do they currently have a softener installed?

☐ Yes

☐ No (If no, skip to #9)

7) If #5 is "existing", provide model number and details for existing softener including: resin tanks, brine tanks and valve sizes/quantities. *Example: Don't have model number, but they have two 24"x72 FRP resin tanks with 2" valves and a single 30"x48" brine tank. Resin tanks are plumbed in parallel.*

8) If #5 is "existing", does the existing softener keep up with demand when functioning properly?

☐ Yes

☐ No

9) What is the max gpm of softening needed? *(Example: 235gpm is the peak demand for softening)*

10) What is the pipe size/type where a softener would be installed? *(Example: 6" copper)*

11) Water usage and sizing criteria:

☐ Potential 24/7 use

☐ Intermittent use 24hrs a day

☐ Intermittent use for 8-12hrs a day

☐ Other _____

13) Should SimplySoft be skid-mounted (pre-plumbed & pre-wired) or shipped as components (plumbed on site)?

☐ Skid-Mounted

☐ Components

☐ Both Options

14) Project Notes/Additional Details:
